

Altadena Town Council Members supporting and participating in the Los Angeles County Homeless Count. Wonderful to see such support from all those that volunteered, great community service and response.

Your assistance in engaging the community volunteers for the Altadena Homeless Count is greatly appreciated. The Los Angeles Homeless Services Authority (LAHSA) confirmed that over 60 volunteers participated in Altadena and all Census Tracts were counted! We look forward to your participation next year as we continue working to stem the tide of homelessness among the many at-risk men, women and children among us.

A special thank you to Anne Lansing for ensuring all logistical needs were met at the deployment site on the day.
