

Connor Cipolla | CT4601

My name is Connor Cipolla and I am seeking to represent my neighbors in CT4601. As your representative, you can expect me to attentively listen to your concerns and faithfully champion your voice. I will serve our neighborhood with integrity, equity, and reliability.

My wife, Sara, and I were born and raised in Sierra Madre/Arcadia and moved from Pasadena to Altadena a few years back to start our family. We now have two young children, Micah (3) and Ani (1), and we are thankful that they too get to grow up in the beautiful foothills neighborhood of Altadena CT4601. I am a graduate of Pasadena City College, Westmont College, and am a student at Fuller Theological Seminary.

The local issues that matter to me most are:

- Continuing the rich legacy and work of keeping Altadena diverse, equitable, and inclusive for all.
- Preserving the natural beauty of our little corner of the San Gabriel Mountains.
- Ensuring that the safety and security of our neighborhood is appropriately resourced.
- Striving to end homelessness in Altadena with respect, dignity, and sustainability.
- Supporting our local businesses and stewarding the development and success of our business districts.

What matters to you, matters to me! I am not running for this council to represent my own agenda, but to represent the common interests and concerns of you—my neighbors.

I'd be honored to serve and represent you to the Altadena Town Council for the next two years. I hope I can count on your vote come November.

Thank You,

Connor Cipolla
