Approved as presented, unanimous

4. Chairman Report: Milissa Marona

5. Discussion

5.1 “Procedure A” Modification request associated with a County Disaster Recovery. The interim ordinance provides flexibility for disaster rebuild projects and affects certain standards such as building setbacks, height limits and design requirements. Procedures for notifying residents was discussed and felt to be lacking. While Council Members contact Planners to determine possible better notification to residents, it was agreed that Council Members would use the block captain system to distribute the information, where possible to residents..

6. Action Items

6.1 RPPL20190006453 - 2637 Meguair, Conditional Use Permit for use of single family residence as place of meditation and learning Buddhism (temple-use) for a maxim of 6 people at a time. Sylvia Vega
Diane Marcussen

McGuire Dr is a private road with limited parking capacity. Residents feel the road is too narrow for emergency vehicles and construction trucks to navigate. All 12 of the neighborhood residents have signed forms against the proposal.

The Committee agreed unanimously to send the request to the county with the united opposition rather than formally recommend a denial.
