

# SAFE STREETS ALTADENA

EMPOWER THE COMMUNITY TO CREATE HEALTHY SAFE STREETS  
FOR ALL THROUGH ENGAGEMENT, EDUCATION, AND ADVOCACY.

## Altadena Safe Streets - April Monthly Meeting Thursday 04/25, 6:30-7:30PM

**6:15 PM**      **Doors Open / Sign in**

**6:30 PM**      **Welcome/Introduce Committee/Mission**

The mission of the **Altadena Safe Streets** (Traffic Safety & Mobility) **Committee** is to advocate for safe, inclusive, and healthy streets for all users, regardless of mode and ability by:

- Informing and educating the Altadena community of the solutions to safety issues and possibilities offered by “Complete Streets” design.
- Collecting Data by centralizing and synthesizing existing data with the voices of Altadenans’ community-wide concerns and visioning exercises.
- Collaborating with governing bodies and community organizations to proactively propose solutions to transportation safety and mobility problems.

**6:35 PM**      **Discussion - LA County Sustainability Plan / Feedback - Greenways**

**6:45 PM**      **Altadena Safe Streets Townhall Recap**

- We will recap comments captured at the Altadena Safe Streets Townhall Meeting.
- Three themes: Assessment, infrastructure, Education/ Engagements

**6:50 PM**      **Ideas Rountables**

- **Participants will get a chance to enter ideas based on three themes**

**7:00 PM**      **Revise ideas and develop Priority Committees**

**7:10 PM**      **Safe Streets Action Plan Activity**

**7:25 PM**      **Community Announcements (1-2 minute per person)**

- May is Bike Month - Bike to Work/School/Altadena Bicycle Club (Dot)
- 

**7:30 PM**      **Thanks for coming! See you next month! Thursday, May 9th!**

## Townhall Envisioning Comments

Issue	Votes
Walkability	13
Right-of-way (Education, Awareness)	4
Traffic Calming	4
Traffic Enforcement at schools (public/charters/private)	3
Traffic Calming (Speed feedback signs, lighted stop signs)	7
Street Lighting + Beautification	2
Overall lack of safe bike and pedestrian infrastructure	7
Too much speeding -> slow down the cars to make walking and biking safer	8
Educations of all road users (e.g. collaborate with schools)	2

### By Category

Assessments	Infrastructure	Education/Engagements
Walkability	Traffic Calming (Speed feedback signs, lighted stop signs)	Educations of all road users (e.g. collaborate with schools)
	Street Lighting + Beautification	Right-of-way (Education, Awareness)
	Overall lack of safe bike and pedestrian infrastructure	Traffic Enforcement at schools (public/charters/private)
	Too much speeding -> slow down the cars to make walking and biking safer	

### Safe Streets Action Plan
